

#61 Dr. Colon Bishop Amat Parent Night
What COVID-19 Means For College Admissions And Class of 2021

Oh my goodness. OK -- before we dive in with this topic of COVID19 and what it means for the class of 2021 - I want to beem, boast, and brag about my campers -- Holy Smokes they scored this year. While numbers are still coming in -- It is pretty safe to say that my campers have earned well over 5 MILLION dollars in scholarship awards. WHAT?? That's crazy!!! I mean YES - they were admitted to some pretty amazing colleges as well -- Highlights include Georgetown, Cornell, USC, Berkeley, UCLA, Boston College, Northwestern, Villanova, U Notre Dame, U Michigan, Claremont McKenna, Northeastern, Boston University, UC San Diego and Santa Barbara, TCU, Rennselear, etc -- but the top of the food chain colleges award very little (if any) merit dollars -- so most of the scholarship money comes from simply standing out with grades, test scores, essays - basically a fantastic admission application. So - what am I doing? I'm opening up the vault. In my upcoming FREE Webinar Masterclass: The Anatomy of Successful Dream College Applications, I'm going to walk you through real students. Real applications. Real results.

In the Free Masterclass You will learn:

- 1 - The most important components of the college application
- 2 - What colleges look for
- 3 - What works in these real applications
- 4 - Pratical tips and strategies to get started right away.

You'll discover that

These applicants aren't superhuman,

they aren't legendary athletes,

they aren't curing cancer...

...they just wrote perfect applications and that is what we're breaking down for you, step by step in this webinar.

Sound good? I thought you might like that.

OK -- so get ready - because this is all going down May 27 and 28. You'll want to register on my website - TODAY!!! GO TO www.drcynthiacolon.com and select the date and time that works best for you. You don't want to miss this masterclass. I'm so excited.

OK - I WON'T MAKE YOU WAIT ANY LONGER -- LET'S GET STARTED...

MUSIC

Through any challenging time, there is light at the end of the tunnel. end. We can't always see it, but there is hope at the other end. For the graduating class of 2020, their school life ended abruptly with hopes of still having that Prom, celebratory awards night, and the culminating graduation ceremony out on a beautiful green lawn or football field with screaming fans in the crowd. But that was not to be.

And while the Class of 2021 awaits their turn at a senior year, they are left wondering, what will normal look like and what does this mean for me as I apply to college.

Well hello everyone!! I'm your host, Dr. Cynthia Colon, author of the book Tips, Tales & Truths for Teens - and today I'm answering those questions. I recently hosted an evening for one of my partner schools, - the Parents of Bishop Amat high School. I gave them my insights, predictions, and tips and strategies on how to move forward and get ahead in this process. Parents left comments about how helpful and valuable it was, so I thought I would share it with all of you!!

If you are a parent of a college bound teen or champion of one, you are exactly where you are supposed to be.

This is Episode #61

Today's Lesson: What COVID-19 Means For College Admissions And Class of 2021

WOWZA -- that was a ton of information. I hope you feel empowered -- instead of overwhelmed.

The main take a way for me is this -- YOU / YOUR teen controls much of this process --

And the sooner you take control the better.
